

PROJECT STATUS REPORT

PROJECT SUMMARY

REPORT DATE

23 Feb 2024

TEAM NAME:

Team Tangible Interfaces

PREPARED FOR:

STATUS SUMMARY/COMPLETED ACTIVITIES

A prototype of the project was made with using key inputs instead of the RFIDs. The UI will continue to be built, and API implementation for images and sounds will be added as well. Tony met with Professor Alex to design the hardware enclosure, and changes were made to the design of the hardware.

ACTIVITIES IN PROGRESS

TASK	% DONE	DUE DATE	PERSON RESPONSIBLE	NOTES
Create title screen	10%	27 Feb 2024	Ian	
Implement image and sound APIs	30%	1 Mar 2024	Michael
